#### REMARKS

Claims 44, 45, 62, 64-66, 69, 72, 76, 77, 80 and 81 have been amended to recite a human model. Support appears, e.g., in paragraph 0037 (as published), in which the model is referred to as "she", thus clearly indicating that the model is human. No new matter has been added, therefore entry of all amendments is respectfully urged. Accordingly, claims 44, 45, 50, 62, 64-66, 69 and 72-81 are presented for further consideration in view of the following remarks.

Applicants thank the Examiner for extending the courtesy of an office interview on September 15, 2009, during which the pending claims and the Major League reference were discussed. In accordance with the discussion, all present claim now specify that the model is a human model. Applicants submit that the present claims are now even more clearly distinguished from the combined teachings of the references cited in the latest Office Action, and thus respectfully request that all pending claims pass to issue.

In view of the foregoing remarks, it is submitted that all present claims are in condition for allowance. Should the Examiner have any questions, kindly contact the undersigned at the telephone number indicated.

Respectfully submitted,
